

## Transportation Engineering

Name of Equipment	A photograph of Equipment
<b>Falling weight deflectometer</b>	
<b>Compression Testing Machine (CTM) 2000 KN</b>	
<b>Accelerated Aggregate Polishing Machine</b>	
<b>Portable Skid Resistance (Friction) Tester</b>	

**Automatic Road  
Unevenness (Bump  
Indicator)**

**Dynamic Shear Rheometer  
(DSR)**

**Asphalt Mixture  
Performance Tester  
(AMPT)**

**Universal Testing Machine  
(Servo pneumatic)**

**Roller compactor**

**Bitumen mixture mixer**

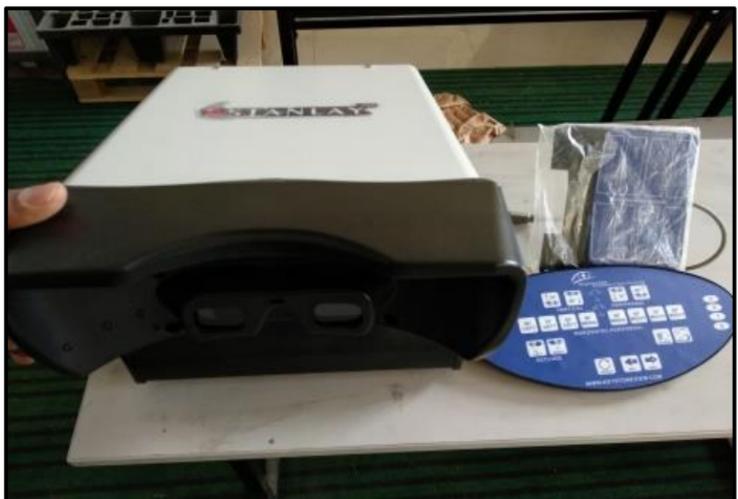

**Cutting Machine**

**Core Drilling Machine**

**Driver testing equipment**

**Sound level meter**

Noise dosimeter

Speed gun

Traffic volume count pads

Automatic  
Pneumatic loop based  
traffic counts
