

## **Attention 6th Semester Students: Chemical Technology-II**

Dear Students,

Please follow the Lecture Modules, I am attaching with this note for the Subject: Chemical Technology-II (Course No. ChBC-63)

M1: Coke, Coking (page 1-5)

Hydrogenation of Coal (page 6-9).

M2: Pulp & Paper Manufacturing (Page 1-11)

Manufacturing of Sugar from Sugar cane (Page 12-16)

Starch Manufacturing (Page 17-19)

Ethanol manufacturing from molasses (Page 20-25)

Soap & Detergents (Page 26-31)

Edible & Essential oils (Page 32-35)

Hydrogenation of oils (Page 36-40)

M3: Polymer Technology

Manufacturing processes of Polyethylene, PVC, SBR, Phenol formaldehyde, Viscose Rayon and Nylon (Pages 36-51)

**STAY HOME , STAY SAFE...**

Hope to see u soon...

Dr. Tanveer Rasool  
Teacher Incharge
