NOTICE

A large number of students have been tested COVID positive in past few days. The testing drive was conducted by the Health Centre of the Institute in collaboration with the local medical authorities of the J&K Government. It is suspected that more COVID positive cases may be there among the students and employees of the Institute. The Institute authorities as a precautionary measure have decided to conduct mass testing of the employees and students of the Institute. The Health Centre of the Institute in consultation with local medical authorities of J&K Government has finalized the testing to be conducted on 11.04.2022. Accordingly, all employees and students of the Institute are directed to get themselves tested on 11.04.2022 at 10.30 AM at the testing facility to be established near the Health Centre of the Institute.

This is issued as per the approvals of the Competent Authority.
