

Objectives

- I. To provide the best educational infrastructure for imparting high-class education in science & technology & a creative atmosphere for inter-disciplinary research both by the students & the faculty.
- II. To enhance the quality of teaching by strengthening the teachers' professional capabilities to meet the growing educational aspirations of students.
- III. To upgrade the syllabus & re-frame the course curriculum periodically in order to produce creative & capable engineers who meet effectively the growing job requirements.
- IV. To inculcate amongst the students the highest standards of honesty, accountability, moral integrity, tolerance for diversity, & respect for ethnic & religious differences so as to make them good human beings.
- V. To develop amongst the students a strong personal commitment, as a member of the engineering professional, towards social outreach activities.
- VI. To produce engineers having ethics of engineering profession, complete confidence in decision making & a good social outlook in all their activities so that they perform their duty to the best satisfaction of the organization & to the society.
